What’s Inside…

The HSC Library purchases access to full text journal articles either by subscription (complete cover to cover content) or through databases that collect and provide access to articles that are relevant to the subject content of their particular databases. Here’s how it works.

HELPFUL HINTS WHEN SEARCHING FOR ONLINE ARTICLES:

Step 1 – Search for journal article citations in a bibliographic database of your choice: PubMed, CINAHL, Ovid etc. Many databases have direct links to our online journal subscriptions.

Step 2 – Check the USF Library Catalog

Step 3 – Check E-Journals in USF Libraries

Step 4 -- Submit InterLibrary Loan (ILL) Request if full text not found. (Use link on HSC Library homepage. Allow 2-4wks.)

REMEMBER to check both the library catalog and E-journals to make sure full text is NOT available at this library before you request an ILL (InterLibrary Loan).

Where to go for online, full text journal articles

The two primary sources to use are: the **USF Libraries Catalog** and **E-Journals**

Both are linked from the HSC Library homepage. Always start with the **CATALOG** to access the journals subscribed to by the USF and HSC libraries.

**From the Health Sciences Library homepage**

Click the **Catalog** button

1. Select the search option **JOURNALS/SERIALS**
2. Type the journal name in the **Organized Lists** search box
3. Click the title you want (usually displays as the second line)
4. Click the Location link to find the issue you need

**Not in the Catalog? Look in E-Journals.**

From the HSC Library homepage, click the button to link to the USFLibraries homepage.

1. From the USF Libraries homepage, click on the **E-Journals** link to go to the search page.
2. Type the name of the journal you want and…
3. Click the journal title you need
4. Fill in the citation information, i.e. year, volume, issue, page, and click the link. (note the Availability information)
